

Twelve Tales: Call of Love

A.J. Croce

Borders fall
Fighting ends
A cry for peace
We make amends

The call of love has set us straight
The call of love just might be fate
The call of love is always worth the wait

I've seen darkness
I've seen light
A tortured soul is free tonight

The call of love has set us straight
The call of love just might be fate
The call of love is always worth the wait

The call of love is all around
The call of love it has been found

I've been fucked
And I've been fooled
I've been taken
Ridiculed

The call of love has set me straight
The call of love just might be fate
The call of love is always worth the wait.
